

The members of the quartet describe their

"We play 'classical' music in the broadest sense. You'll be surprised how much of it you recognise.

"The music we play comes from the 'Classical Period' (that's where Mozart fits) and from the 'Baroque Period' (think: Vivaldi's Four Seasons), the 'Romantic Period' (think Schubert's Ave Maria), 'Modern Music' (think Strauss waltzes), '20th Century Music' (think Debussy, Elgar) and 'Contemporary Music' (think film scores).

An invitation from the quartet

"Many of our bookings come from people who have already heard us play at a function. But, if you haven't yet heard us play, we can arrange for you to attend one of our regular playing sessions (with no obligation). Contact us for session times. It is important that you are confident that we are suitable for your event."

What would you like us to play at your event?

"You can give us a general idea of what you'd like, or you can specify exactly what (and when) you want us to play. For weddings, you need to choose music you are happy with for special times in the ceremony - for example "Bride's entrance", "Signing of the register" and "Presentation". We can help you choose."
